Responsible materials

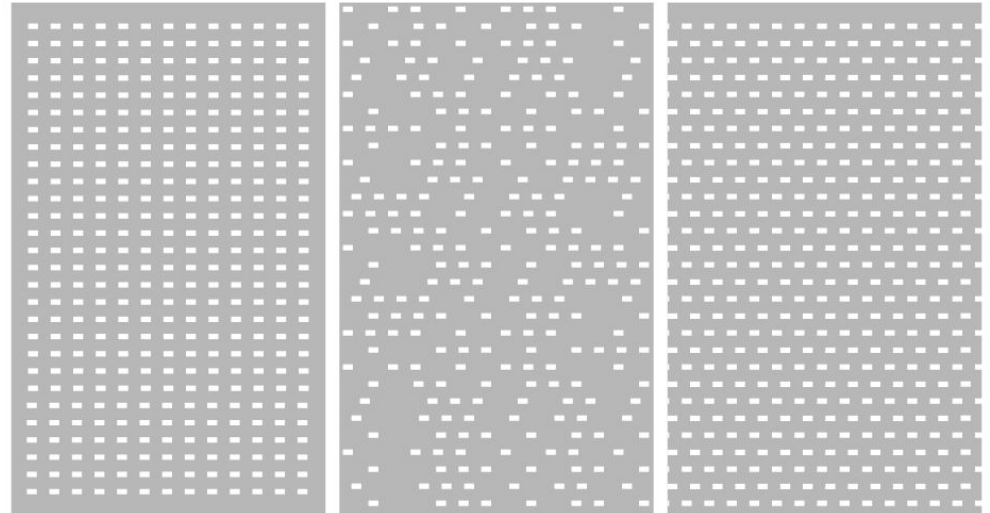

True innovation starts with sustainable practices.

We take pride in creating products that incorporate smart material sourcing and efficient processing. All our materials have a high proportion of recycled content and can be processed for recycling.

Grid[®] Material

Merging Design & Technology

Grid

Random

Staggered

Create energetic emotion in any space with the perforated wall and ceiling panels of Grid® , whether an accent piece or a full-scale installation. A rich blend of cut-out dots, lines, and patterns evokes an aerial view of a city street. Pair these textural panels with Dexxta's full line of accessories such as backlighting, or inline lighting to provide both illumination and acoustic performance.

Grid®
Grid Wall

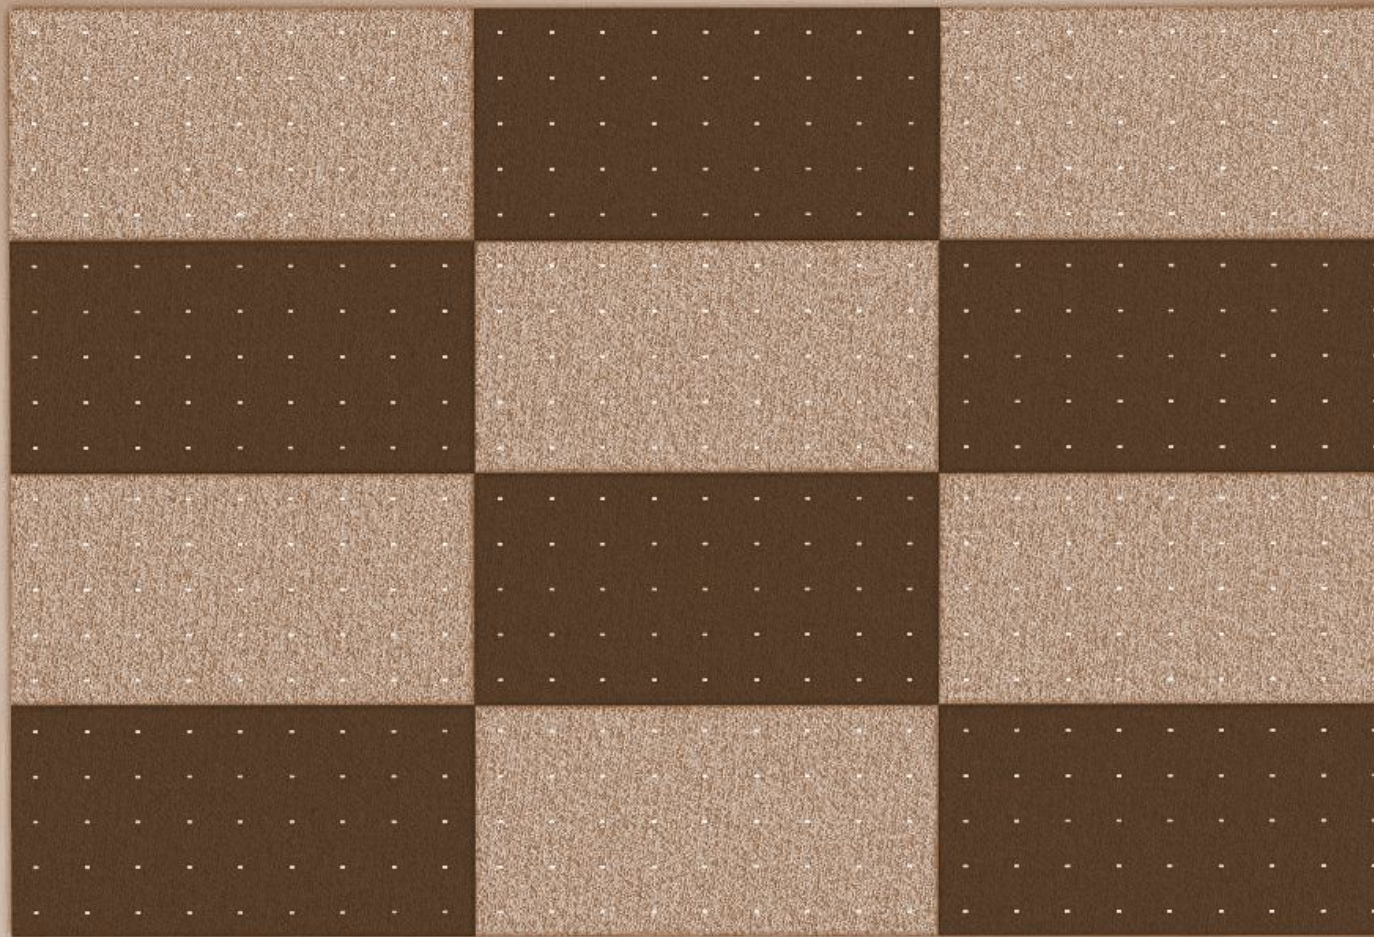

Grid[®] Grid Wall

Get a modern take on a classic look that is sure to turn heads

Grid[®]

Grid Wall

Reimagine a timeless pattern

Grid[®] Grid Ceiling

Dexxta's Grid ceiling panels square-shaped terminals bring algorithms to life in your real-world design. With the addition of our integrated lighting, Dexxta's illuminated pattern can take your design to the next level. Our PET acoustic sheets addresses more down-to-earth needs, such as reducing echos & noises in the space.

Grid[®]

Grid Ceiling

Bring the essence of coding into your design

Grid®

Grid Ceiling

Flows smoothly into the next for an uninterrupted pattern

Grid®

Grid Ceiling

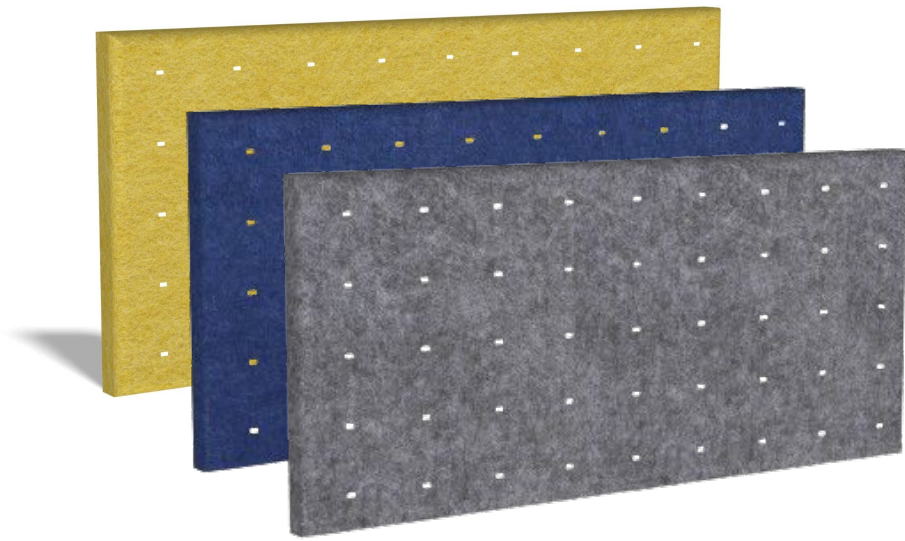

Enhance standard grid with elegant minimalism

Grid[®]

Grid Ceiling

Patterns of connectivity and interaction

Panels are made available in a variety of colors. See our powder coat brochure for standard and premium options. Customized color matching is also available.
